Maharishi World Peace Assembly : Guru Bhakti

Intense devotion to one's Guru and faithful adherence to his teachings are the most essential qualifications of true discipleship. It is this Shraddha, faith, and Guru Bhakti, devotion to Guru, that bring about rapid spiritual progress and fruition of one's sadhana. A disciple without devotion to his Guru is like a flower without fragrance, a well without water, a cow without milk or a body without life.

Guru Bhakti will make possible all that is impossible; the unattainable can be attained by Guru Bhakti. However, this treasure is not acquired in a day. Guru Bhakti is not a system that can be taught by lectures or online courses. The disciple has to cultivate it gradually. He must increase it day by day. It develops through constant and earnest prayer in the secret chamber of the heart.

His Holiness Maharishi Mahesh Yogi Ji used to say that he has only the knowledge and blessings given by Gurudev Brahmanand Saraswati Ji Maharaj. With the inspiration of this knowledge and blessings, Maharishi Ji brought to light Transcendental Meditation, Siddhi Programme and many other Vedic Techniques all over the world continuously for over 50 years. And shared a truly priceless gift to all mankind. We will try to understand various aspects of Guru Bhakti in detail through this Seven days Maharishi World Peace Assembly.
